Highlights from the September Meeting (cont'd)

13; and Dec 17, 18.

It was noted that poison ivy has taken over behind the port-o-potty. Be careful if you have to retrieve an airplane from that vicinity.

A motion was made and passed to hold the Toys 4 Tots event Nov 20th. Jeff Haywood will lead a committee to organize the event.

The City has been lax on the effort to pickup trash when bagged and left out as the club has been instructed. The club bylaws state that all members must take his or her trash away when leaving the field. Motion was made and passed to store the trash cans except during special events.

No issues were reported by the Safety Officer.

The Field Marshall reported that the wind sock needs to be replaced. The bleachers will be removed from the field thanks to the efforts of mills Staylor and Bob Howell.

Joe Lupton gave a report of the Scale fly in Newport News.
